Canajoharie Library Library

Use Policy

Policy Statement

The Canajoharie Library & Art Gallery, by its Mission Statement and the Library Plan of Service, is expressly designed to be used by the public. The official Library service area is the Canajoharie Central School District. The Library provides service to all, and these policies speak to all use regardless of residency. Rules and policies concerning the use of the Library are designed to provide for the most effective use by the greatest number of users. For the purposes of this policy Library use is divided into three sections: Use of the Library and its resources on site; Use of Library resources through borrowing or Library circulation; and Use of Library resources off site.

Use of the Library and Library Resources on Site

Use of the Facility

The Library will provide a welcoming atmosphere for all who seek to use the Library facility on site for the purposes defined in the Mission Statement regardless of residency or Library card registration status.

The Board of Trustees will set general rules that will govern the behavior of all users. These rules will be attached to this policy. Use of the Library facility is a privilege that will be withdrawn from those who fail to abide by the rules, or who, in the opinion of the staff member in charge, interfere with effective use by the overall body of users.

Hours and days of operation will be determined by the Board of Trustees in consult with the Library Director and Executive Director.

Distinction is made and recognized between equipment and areas intended for public use and those intended for use solely by organization staff. Such distinctions will be made by the Library Director.

The Library may limit the use of specific spaces and equipment by imposing time, frequency, or purpose limits and priorities if necessary to provide better service to more users. In addition, charges may be imposed for copying, printing or provision of office supplies. Such decisions will be governed by fixed rules set by the director. These rules will be enforced consistently so that there is no perception of personal preference.

The Library will set rules for the posting or distribution of flyers and brochures, and for the display of personal collections in approved spaces.

Use of the facility by organized groups is covered under a separate policy.

Use of Outside Materials on Site

Library users are welcome to use the facility for study, reading or perusal of materials that are not provided by the Library. This includes materials supplied by the user and internet sites that are not direct links from the Library web site.

The Library will not ordinarily monitor the use of such resources. However, since the Library is a public space, the display of material that the staff member in charge deems inappropriate for public view will be prohibited. The director will set norms to guide staff members in making this determination.

Use of the facilities and equipment is a privilege that will be withdrawn from those who fail to abide by the rules, or who, in the opinion of the staff member in charge, interfere with effective use by the overall body of users.

Use of Library Materials on Site

Everyone is welcome to use the Library and Library resources onsite regardless of residency or Library card registration status. The Library, however, may place time and frequency limits on the use of resources if necessary to provide better service to more users. Such limits will be governed by fixed rules set by the director. Special rules may also govern the use that may be made of specific restricted materials.

Use of Library materials is a confidential matter under New York State Law. The Library will not release any information that links users with the resources that they have used.

Reference assistance will be provided to those who request help in using Library resources and to those who request help in locating specific information. The Library does not research general subject inquiries for users.

Use of Library Resources Through Borrowing

Borrowing privileges can be granted to all regardless of residency. The Library, however, maintains a cooperative database with the other public libraries in our Library System, and honors the restrictions placed on individuals by other member libraries. An individual may have only one borrower record or borrower's card in the combined Library System database.

Withdrawal of Privileges

Borrowing items from the Library is a privilege. Users who abuse the privilege will have their borrowing privileges withdrawn.

Confidentiality

Use of Library materials is a confidential matter under New York State Law. The Library will not release any information that links users with the resources that they have used. Circulation, registration information, and information retrieval records may not be disclosed except to:

- a. The cardholder (with card or other proper id). **NOTE:** This is regardless of age or relationship.
- b. Library staff acting within the scope of their duties in the administration of the library system and in facilitating interlibrary loans.
- c. Persons authorized by the cardholder to access the individual's records identified by a signed note of permission given by the cardholder.

The Library collects only that personally identifiable information about patrons that is necessary to ensure the proper operation of the Library and otherwise required for access to Library resources or participation in Library functions, including, but not limited to, the use of the website including but not limited to searching the catalog, placing holds on materials, and registering for events. Patrons should not have the expectation of complete privacy and confidentiality. Library employees working within the scope of their duties will have access to personal information.

When anyone visits the Library's website, non-personal information (such as cookies, IP address) may be required for the running of online applications; however, this data has no element by which specific individuals may be identified to or by third parties.

The Library will not sell, lease, or otherwise distribute or disclose a patron's e-mail address, postal address, phone number, borrower records, or other personal information to outside parties regardless of relationship unless required by law. Some Library website pages contain links to external sites not maintained by the Library. The Library cannot be responsible for a patron's privacy when the patron discloses information to outside websites. Visitors to those websites are advised to check the privacy statements of each site to learn how the website will use such information.

Remote Use of Library Resources

Users may access selected Library resources via the internet. This includes the Library catalog, Overdrive, materials on the Library website, and reference databases that provide for remote access. Users are free to use these resources from remote locations, but that use may be influenced by database licensing agreements and Library card status.

Canajoharie Library Programming Policy

Policy Statement

The purpose of library programming is to support the Library's mission of providing educational, recreational, and informational resources to community members. Programming is offered as a library resource that provides information, education, and recreation to library users. This policy reflects the Library's philosophy regarding free and open access to information and ideas. A person's right to attend a program will not be denied because of national origin, race, color, age, sex, religion, background, views, sexual orientation, disability, or ability to pay.

This policy is to provide library staff, other groups, and agencies working with the Library with the necessary guidelines to assist them in the development of library programs. It is also intended to inform the public about the principles and criteria by which programs are selected.

Responsibility and Criteria for Scheduling Programs

Selection of topics for programming is made by the Library Director on the basis of interest and needs of library users and the community. Staff members implement these programs as the Director instructs. The public may recommend topics or speakers for consideration. Programs that could place patrons at risk or threaten building integrity are not considered. These decisions are made at the discretion of the Library Director and Executive Director.

Guidelines for the Selection and Presentation of Programs

All programs are intended to further the mission of the Library. They should address one or more of the following educational, recreational, and/or community needs:

- 1.) To promote reading and lifelong learning
- 2.) To increase awareness of Library and/or community resources
- 3.) To provide opportunity to widen horizons, stimulate imagination and reflection, and enlarge experiences
- 4.) To provide programs for various age groups, cultures, and interests
- 5.) To meet popular demand, both existing and anticipated
- 6.) To increase library use by under-served populations
- 7.) To promote topics and educational opportunities in Museum exhibits and collections

The Library seeks to present a broad variety of programs to meet the needs of a diverse community. If a program is controversial in nature, the Library will seek to present as many sides of the issue as possible. Beliefs and opinions expressed in the programs do not necessarily represent the viewpoint of the Library.

All programs are open to the public; most are targeted toward a particular audience (adult, teen, children, and general, for example). Patrons may on occasion be prevented from attending a program or Library event if attendance exceeds the rated capacity of the particular meeting room space. Every attempt will be made to accommodate all who wish to attend a program. When safety or the success of a program requires it, attendance may have to be limited. When limits must be established, attendance will be determined on a first come, first served basis. Advance registration or distributing free tickets before the event may be used if attendance is anticipated to exceed program limits.

Charges for programs or events are permissible for the purpose of fund-raising to benefit the Library or other community organization.

The sale of books/CDs/artwork by artists as part of a Library program is acceptable when sales are in promotion of literature, literacy, or culture and are consistent with the library's mission.

A library card is not required to attend a program but patrons attending programs are encouraged to apply for a library card in order to take full advantage of all the library resources.

The Library may partner with another agency or community organization when these programs are central to the library's mission. The Library's role in such cases may include, but may not be limited to, furnishing space, aiding with promotion, and offering related book lists or on-site displays.

Canajoharie Library Patron Complaint Policy

Policy Statement

While the Canajoharie Library endeavors to provide the highest levels of satisfaction and library services to its patrons, we recognize that occasionally, patrons may wish to raise a complaint pertaining to an issue which interferes with their use and enjoyment of the Library.

Regulations

Each patron who expresses a complaint shall be treated with respect and shall be assured by the Library staff member who takes the complaint that the patron's concerns will be given every consideration.

A Library patron initially may choose to raise his or her complaint on an informal, verbal basis with the Library's staff. In the event that the patron elects not to do so, or that the complaint proves not susceptible to informal resolution, the patron should request and complete a Patron Complaint Form.

The Library Director will promptly review all completed Complaint Forms, and where appropriate, attempt to resolve the complaint directly. If the patron is not satisfied with the response provided, and/or if the Director identifies the situation as one in which Board input is warranted, either or both parties may bring the written complaint to the attention of the Executive Director and Board of Trustees. Patrons desiring to do so may also request an opportunity to address the Board at one of its monthly meetings.

The Board will refer the complaint to the Reporting Committee, which will review the Patron Complaint form in a timely fashion, and will determine what action, if any, should be taken. The Reporting Committee Chair will respond to the patron in writing, informing them of any action which will be taken as a result of their complaint. The Board President, Executive Director, and Library Director shall receive copies of any correspondence related to the complaint, and the Reporting Committee Chair shall report back to the full Board regarding the resolution of the complaint.
